GENERAL CONDITIONS OF PURCHASE

1. Order. This purchase order, its attachments and these conditions form the whole agreement. Any quotation terms of the supplier apply only where written into this order.

2. Prices. Prices are fixed for the agreement period and include packing, transport and delivery to the place stated, unless the order says otherwise. No price increase is accepted without the purchaser's written approval.

3. Quantities. Quantities may be increased or reduced by the purchaser at the same unit prices.

4. Delivery. Goods are delivered on the dates or call-offs given by the purchaser, with a delivery note showing the order number. The purchaser may cancel undelivered quantities if delivery is late.

5. Quality and inspection. Goods must match the order, the approved samples and submittals, and the project specifications, and are subject to inspection and approval by the purchaser, the consultant and the client. Rejected goods are replaced or removed at the supplier's cost.

6. Documents. Test certificates, certificates of origin, warranties, manuals and safety data sheets required by the project are supplied with the goods at no extra cost.

7. Warranty. The supplier warrants the goods against defects in materials and workmanship for twelve months from use, or longer where the main contract requires, and replaces defective goods promptly.

8. Invoicing and payment. Invoices quote the order number and both TRNs and are paid as per the terms of payment stated in this order after the goods are received and approved. Amounts owed by the supplier to the purchaser may be set off against payments.

9. Ownership and risk. Ownership passes on delivery or payment, whichever is earlier; risk passes on acceptance at the delivery point.

10. Health, safety and environment. The supplier follows the site HSE rules and applicable UAE regulations when delivering to site.

11. Confidentiality. Information received from the purchaser in connection with this order is kept confidential.

12. Assignment. The supplier may not assign or sub-contract this order without the purchaser's written consent.

13. Termination. The purchaser may terminate the order in writing if the supplier fails to perform, becomes insolvent, or if the related works are cancelled; delivered and accepted goods are paid for.

14. Law. This order is governed by the laws of the Emirate of Dubai and the federal laws of the UAE.
